

## **FORT BEND COUNTY**

### **Permits for the Construction of Driveways & Culverts on County Easements and Right of Ways in Fort Bend County**

---

#### **SECTION 4 - CONSTRUCTION & INSPECTIONS**

- A. Driveways connecting to concrete curb and gutter roadways shall be inspected after the placement of reinforcing steel and prior to the pouring of concrete, and again after the concrete pour for conformance with County standards.
- B. Driveways connecting to asphalt roadways will be inspected after the placement of materials for conformance with plans.
- C. The installation of culverts shall be governed by the following procedures:
  - 1. Culverts shall not be set until flow line elevations are set and approved by Fort Bend County.
  - 2. Culverts shall not be backfilled until an inspection is conducted by Fort Bend County to determine that the elevation and grade of the culverts have been correctly set.
  - 3. Culverts shall also be inspected upon completion of the placement of cement stabilized backfill, if required, and prior to commencement of driveway construction.
- D. All driveways requiring special geometric design shall be inspected for conformance with plans.
- E. The County Engineer may make any additional inspections deemed necessary to administer these Regulations.
